

Sebastian,

I think you already know how grateful I am; But Sam suggested this and I agree. I'd like to say thank you, from the bottom of my heart. - Thank you for starting this unique program. It's, without a doubt changed the course of my future. Also I don't know if you know, but you're probably the closest real life example of a rockstar that I've met. I have complete faith that any hurdles in your way, right now, you will overcome. I'm honored to have met ~~met~~ a man of your caliber.

Sincerely,

P.S. with me, you have a friend for life!
If you ever need me, I'll be there!
