

Hi Sebastian, just wanted to tell you how much I appreciate everything you do for us. To start off, you truly have a good heart. I thank you for the job, this has helped me pay my phone, child support, and to get Christmas gifts for my loved ones. Your vision for the Palms was destiny. The program you designed has gave me strength as well to look at my thought patterns, and how to work on changing my thinking. I am amazed what the Palms has done for me and helped me. Grateful I am and words can't express how I feel to be sober. I found a better resource to Recovery and change. I just wanted to express my thanks and gratitude.

Thank you
